Final Website – Home Page:

Zoe's Sample HTML Page

Purpose of Webpage

On this webpage, you will see what I learned during week three of HTML. Throughout the past three weeks, I have learned how to use HTML and CSS elements and attributes to create a functional and formatted webpage.

Lists

I can create ordered and unordered lists in HTML. The following shows an ordered list:

1. First item
2. Second item
3. Third item

Tables

I can create tables in HTML. The following shows 3-column and 4-row table (excluding header row):

Header 1	Header 2	Header 3
Item 1.1	Item 1.2	Item 1.3
Item 2.1	Item 2.2	Item 2.3
Item 3.1	Item 3.2	Item 3.3
Item 4.1	Item 4.2	Item 4.3

Images

In addition, I can insert an image into a webpage, as shown below. This image should include alternative text, dimensions, and a source code.

Final Website – Contact Page:

Contact Me

Indicate your preferred method of communication:

- ○ email
- ○ text message
- ○ phone call

Fill out the following form to send me a message:
